

Women's Health

At KRMC Women's Health Clinic, we are committed to providing comprehensive women's health services. Whether you need a Pap smear, breast exam, or advice on managing menopause, we are here to help.

Family Planning

We understand that family planning is a personal decision, and we are here to help. Our team can provide advice on all aspects of family planning, including fertility, contraception, and pregnancy.

Birth Control

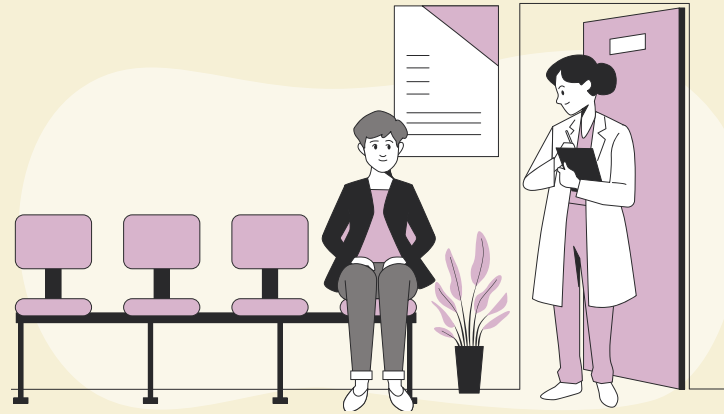

We offer a range of birth control options to help you prevent unwanted pregnancy. Our doctors can provide advice on the best option for you based on your individual needs and preferences.

Gynaecology

We offer a full range of gynaecological services, including pelvic exams, STI testing, and treatment of menstrual disorders. Our doctors are highly skilled and experienced in providing compassionate care to women of all ages.

Reproductive Health

At KRMC Women's Health Clinic, we understand that reproductive health is an essential part of overall health and wellbeing. We offer a range of services to support reproductive health, including fertility control, preconception counselling, and management of reproductive disorders.

We know that taking care of your reproductive health can be daunting, but at KRMC Women's Health Clinic, **we are here to support you** every step of the way.

The team of compassionate doctors and nurses are committed to providing high-quality care in a safe and comfortable environment.

Women's Health Clinic

📍 36 Kildare Road, Blacktown 2148

Introducing KRMC's New **Women's Health Clinic**

Kildare Road Medical Centre Women's Health Clinic understands the importance of women's health and seeks to provide a comprehensive range of services in this area. The KRMC Women's Health Clinic provides services in reproductive and female health for those located in the Western Sydney area.

Our clinic is located in Blacktown, and the team of experienced doctors and nurses operating out of the clinic are dedicated to delivering high-quality care to every patient.

At KRMC Women's Health Clinic, we offer a range of services to help you manage your reproductive health. Whether you need contraception, family planning, or gynaecology services.

Your Health is Our Priority

Here are a number of the services we are offering:

Intrauterine Devices

Mirena

Coil Removal

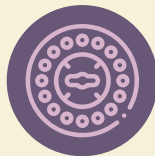

Contraception

Women's Health

Family Planning

Birth Control

Gynaecology

Reproductive Health

Intrauterine Device (IUD)

An IUD is a small, T-shaped device that is inserted into the uterus to prevent pregnancy. At KRMC Women's Health Clinic, we offer IUDs as a highly effective form of long-acting reversible contraception.

Mirena

Mirena is a hormonal IUD that is designed to prevent pregnancy for up to five years. It is a popular choice for women who prefer a low-maintenance, highly effective form of contraception.

Coil Removal

If you currently have an IUD or other type of coil and need it removed, our experienced doctors can provide this service in a safe and comfortable environment.

Contraception

We offer a variety of contraception options to help you find the method that best suits your needs and lifestyle. Our doctors can help you explore the options and make an informed decision.
